

Aura Pérez\*  
Holy Mary

God save thee, Mary,  
from prohibitionist decrees  
political parties  
war, blood, death, disease.

Hail Mary, full of grace,  
both mirth and remedy.

Holy Mary,  
a mother sexed as female  
mother of us all  
bearing the original sin.

Blessed art thou,  
impregnated with terpene  
and cannabinoids  
and blessed are all of us women  
who entreat thy power  
finding in thee  
wholeness and liberty.

Holy Mary  
deliver and protect us  
from all evil  
and soothe us till the end.
